1. Data Verification Summary — Dummy Data vs. Verified Reality

The table below cross-references the most consequential placeholder entries found in the uploaded spreadsheet against what independent public sources confirm. Use this table to understand exactly what was corrected.

Field	Dummy/Template Value	Verified Real Value	Verdict
Campus ID / Name	"CAMP-001", "P. T. Lee CNCET" (abbreviation only)	P.T.Lee Chengalvaraya Naicker College of Engineering & Technology (full legal name)	Corrected — official name confirmed
Address	"123 Dummy St"	Ooveri, Kanchipuram (Kancheepuram) District, Tamil Nadu – 631502; ~8 km from Kanchipuram town, ~18 km from Arakkonam	Corrected — verified on official site
Latitude / Longitude	12.34 / 56.78 (impossible dummy pair — 56.78° falls outside India)	Not published by the college as exact GPS coordinates; approximate campus is near Ooveri village on the Kanchipuram —Arakkonam—Thiruthani road	Placeholder removed — precise GPS requires on-site GNSS capture
Total Campus Area	50.0 acres (unsourced)	35 acres ("35-acre lush green campus") per official site campus highlights	Corrected — cited to source
Established Year	Not stated	2001 (multiple independent sources + TNEA + official ESTD banner). NOTE: the official site's own "About" popup inconsistently states both "Established: 2004" and "Established in 1998" in different sections.	Filled in — discrepancy flagged, not silently resolved
Affiliation / Approval	Not stated	Affiliated to Anna University, Chennai; Approved by AICTE, New Delhi	Corrected — verified
Governing Body	"Admin" (placeholder)	P.T.Lee Chengalvaraya Naicker Trust, Vepery, Chennai – 600007; trust board appointed by the High Court of Madras	Corrected — verified
Principal	Not stated	Dr. P. Palanisamy, M.E., Ph.D.	Filled in — verified
Chairman	Not stated	Justice Thiru P. Kalaiyaran (Former Judge, Madras High Court)	Filled in — verified
Contact Numbers	Not stated	+91 7373123570, +91 9500701226	Filled in — verified
Email	Not stated	office@ptleecncet.com (general); principal@ptleecncet.com (grievance)	Filled in — verified

Field	Dummy/Template Value	Verified Real Value	Verdict
Number of Classrooms/Labs/Buildings/Hostels	50 classrooms / 10 labs / 10 buildings / 4 hostels (unsourced placeholder counts)	Not publicly published at this granularity	Flagged NOT VERIFIABLE — requires physical campus survey
Asset Records (AST-001 ... AST-DUMMY)	Entirely fictional sample assets: "Dell OptiPlex 7090", "Haas CNC Lathe ST-10", staff "John Doe"/"Jane Smith", invented serial numbers, invented purchase costs	No public source discloses individual asset inventories, serial numbers, or purchase costs for any Indian private college — this is normally an internal admin record, not public data	Cannot be verified or fabricated — must be sourced from the college's own asset register
Hostel capacity	"HST-001" 500 beds, "HST-DUMMY" 100 beds (fictional sample rows)	Official site states "600+ capacity" combined boys' + girls' hostels, but does not break this down by block/room	Partially corrected — aggregate figure verified, block-level breakdown NOT public
Library	Not present in dummy data as a section	27,000+ volumes, 400+ journals, 2,000+ e-books, IEEE & DELNET access, 300+ seating	Added — verified
Placement statistics	Not present	~85% placement rate, █7 LPA highest package, █3.5–4 LPA average package (site shows both figures in different sections — flagged), recruiters incl. TCS, Infosys, Wipro, Cognizant, Accenture, Amazon, Zoho, HCLTech	Added — verified, minor internal inconsistency flagged

RAG NOTE: When chunking this table for a vector store, keep the 'Verdict' column attached to each row — it prevents the retriever from surfacing a corrected fact without its confidence label.

2. Institution Overview

Full Name	P.T.Lee Chengalvaraya Naicker College of Engineering & Technology
Common short forms	P.T.Lee CNCET / PTLEE CNCET
Type	Private, self-financed, co-educational engineering college
Established	2001 (per TNEA/Anna University listings, Collegedunia, Shiksha, and the college's own "ESTD 2001" homepage banner; the site's About-modal text separately and inconsistently says 1998/2004 — treat 2001 as the best-supported figure and flag the conflict)
Affiliation	Anna University, Chennai
Approval	All India Council for Technical Education (AICTE), New Delhi
TNEA Counselling Code	1226
Managing Body	P.T.Lee Chengalvaraya Naicker Trust (a public charitable trust based in Vepery, Chennai – 600007), governed by a board of trustees appointed by the High Court of Madras
Location	Oovery, Kanchipuram – 631502, Tamil Nadu, India
Campus Size	35 acres (per official site)
Website	https://ptleecncet.com
Sister Institutions (same Trust)	P.T.Lee C.N. Polytechnic College; Vallal P.T Lee C.N Arts & Science College (Choolai, Chennai); P.T Lee C.N Primary School (Oovery); P.T Lee C.N ITI (Kanchipuram); P.T Lee C.N Thirumana Mahal

The college's founding purpose, per its own mission statement, is to provide technical education to economically and socially disadvantaged communities, continuing the philanthropic mandate of its 19th-century founder.

3. History & Founder — P.T. Lee Chengalvaraya Naicker

Founder Biography

Shri P.T. Lee Chengalvaraya Naicker (1829–1874) was a Chennai-based merchant and philanthropist. His father, Perumal Naicker, held the title "Sirdar Bahadur" and served as a Subedar-Major in the Madras Army; his mother was Theivayanaiammal. After his father's death, Chengalvaraya Naicker started his own business at around age thirty and became a leading figure in Madras's Indian trading community, later serving as a Dubash (commercial intermediary) for the firm Shand and Co., through which he amassed considerable wealth.

During the Great Famine of 1857, his residence served as a relief camp distributing necessities to those in need regardless of caste or creed. He was a patron of the Triplicane temple and supported the publication of Vaishnavite religious texts.

The Will and the Name "P.T.Lee"

In a will dated 1870 (modified by a codicil in 1878), he bequeathed his entire estate to religious and charitable purposes, to be administered by a body of trustees. Provisions included allowances for poor students of his community, temple offerings, permanent maintenance of his choultry at Oovery, a Sadavarthi (charitable feeding house) for Bhairagi pilgrims at Kanchipuram, and the residual balance directed toward an orphanage and technical education. Notably, he chose to prefix his name with the initials of both parents — "P" for Perumal (father) and "T" for Theivayanaiammal (mother) — a socially unconventional gesture for its time. "Lee" was an honorific reportedly conferred on him by the British in recognition of his service.

Legacy

He passed away in 1874 at age 45. The Trust created under his will continues to operate multiple educational institutions in and around Chennai and Kanchipuram, of which P.T.Lee CNCET (est. 2001) is the flagship engineering college.

4. Governing Trust, Leadership & Board of Trustees

Trust

P.T.Lee Chengalvaraya Naicker Trust, headquartered in Vepery, Chennai – 600007, is a public charitable trust. Its board of trustees is appointed by the High Court of Madras.

Key Office-Bearers (as published by the college)

Role	Name	Notes
Chairman	Justice Thiru P. Kalaiyaran	Former Judge, High Court of Madras
Secretary, Trust	Mr. M. Sambasivam, B.Sc., B.L.	—
Educational Advisor	Dr. K. Minraj, Ph.D.	—
Technical Advisor	Er. K. Jaganathjan, M.Tech., FIE, FIWWA	—
Director	Prof. Dr. M. Arularasu, Ph.D.	Former Additional Director, Directorate of Technical Education (DOTE)
Principal	Dr. P. Palanisamy, M.E., Ph.D.	—

Additional trustees listed publicly include Thiru. V. Chandrasekaran (I.A.S., Retd.), Thiru. S. Sathapillai (B.A., B.L., District Judge, Retd.), Dr. R. Kannaiyan (M.B.B.S., M.D.), Tmt. S. Renuka (M.A., B.Ed.), Er. H. Venkatesh (M.E.), Dr. B. Aristatile (M.Sc., M.Phil., Ph.D.), Thiru. M. Rajendran (M.Com.), and Thiru. M. N. Vijayasundaram (M.A.).

5. Location, Campus & Access

Address	P.T.Lee CNCET, Oovery, Kanchipuram – 631502, Tamil Nadu, India
Nearest town	Kanchipuram — approx. 8 km
Nearest town (secondary)	Arakkonam — approx. 18 km
Approach road	Situated on/near the Kanchipuram–Arakkonam–Thiruthani road (Oovery, Velliyur Post)
Campus area	35 acres, described as "lush green" on the official site
Exact GPS coordinates	NOT publicly listed by the college — the dummy dataset's 12.34/56.78 was a fabricated placeholder and has been removed rather than replaced with another guess

Campus highlights (as stated by the institution): separate boys' and girls' hostels with combined capacity of 600+ students; a modern library with digital resources; a campus-wide high-speed Wi-Fi network; and well-equipped laboratories across all engineering departments.

RAG NOTE: Exact building counts, floor-wise room numbering, and internal navigation graph data (which your Campus Digital Suite indoor-navigation module needs) are not published anywhere online. This has to come from your own physical campus survey — the original spreadsheet's numeric placeholders (10 buildings, 3 floors, 50 classrooms, etc.) should NOT be trusted or ingested into your RAG store as fact.

6. Academic Programmes Offered

The college offers six undergraduate engineering programmes, all four-year B.E./B.Tech degrees affiliated with Anna University:

Degree	Programme	Sanctioned Intake
B.E.	Computer Science and Engineering (CSE)	120
B.Tech	Information Technology (IT)	60
B.Tech	Artificial Intelligence & Data Science (AI&DS)	60
B.E.	Electronics & Communication Engineering (ECE)	60
B.E.	Electrical & Electronics Engineering (EEE)	60
B.E.	Mechanical Engineering	60

An earlier version of the department listing (third-party aggregator, ProfSam) additionally lists **Civil Engineering** among affiliated departments; the current official department menu (as of this document's preparation) lists CSE, IT, AI&DS, ECE, EEE, Mechanical, and Science & Humanities — Civil Engineering does not currently appear as an active department on the official site. This discrepancy is flagged rather than silently resolved.

Admissions: via Tamil Nadu Engineering Admissions (TNEA), Counselling Code 1226, with the standard Tamil Nadu private-college quota split of 65% government/merit quota and 35% management quota. Approximate fee range cited by aggregators: ■90,000–■2,00,000 per year (unofficial, third-party estimate — verify current fee structure directly with the college's admissions office or brochure).

7. Laboratories & Academic Infrastructure

- **AI & Deep Learning Lab:** 150 high-end workstations (Intel i9/i7/i5 processors, 16GB DDR4 RAM each), running Python, R, TensorFlow, PyTorch, Keras and a JupyterHub server; open 24/7 for research students.
- **High-Performance Computing Cluster:** 80 cores across 2 dedicated servers, used for development and research computing.
- **Robotics & IoT Lab:** industry-connected robotics platforms, Arduino and Raspberry Pi kits, sensors, and IoT development boards.
- **Computer Science Labs:** 5 labs housing 250+ computers used for programming and networking coursework.
- **Electronics Labs:** oscilloscopes, signal generators, spectrum analyzers.
- **Electrical Machines Lab:** motors, generators, and control panels.
- **Mechanical Workshops:** CNC machines, lathes, milling machines, welding equipment.
- **Physics & Chemistry Labs:** standard engineering-sciences laboratories for first-year students.
- **Research & Development Centre (Mechanical–Robotics & Innovation Hub):** focus areas in robotics/automation, renewable energy systems, robotics/AI, and IoT; industry collaboration and PhD-supervisor-led guidance are advertised (the site claims 20+ PhD holders available on campus as research supervisors).

RAG NOTE: Model numbers, serial numbers, and individual machine counts per lab (the level of detail the original spreadsheet's Assets sheet wanted) are internal administrative records not published publicly. Do not populate those fields with the sample data from the template (Dell OptiPlex, Haas ST-10, Tektronix TBS1052B, etc.) — those were illustrative examples only.

8. Central Library

Collection	27,000+ books (textbooks, reference, general reading)
Journals	400+ national and international journals (print and online)
Digital access	IEEE and DELNET digital library access; 2,000+ e-books/e-journals
Seating	300+ seats in spacious reading halls
Other services	Digital library section with 24/7-access computers, photocopying/printing, barcode-based library automation, weekend/holiday access, repository of student project reports and theses

9. Digital Campus Infrastructure

Internet	200 Mbps fiber connection
Backbone network	2 Gbps across campus (one campus section states "1 Gbps Backbone" — minor inconsistency on the official site, flagged)
Wi-Fi	Wi-Fi 6 access points across campus
Computers	250+ systems across various labs
Other digital services	Online fee-payment portal, Learning Management System (LMS), remote-access digital library, smart classrooms with projectors, air-conditioned Wi-Fi-enabled seminar hall, centralized server room with backup

RAG NOTE: This is directly relevant to your Campus Digital Suite's RAG layer: the college already runs an LMS and an online payment portal, which may be worth linking to or replicating rather than duplicating.

10. Hostel & Residential Facilities

The college operates separate hostel blocks for men and women with a combined publicly-stated capacity of **600+ students**. Granular data such as number of hostel buildings, rooms per floor, occupancy percentage, warden details, mess seating capacity, and per-room amenities (the level of detail requested in the original spreadsheet's Hostel sheet) is **not published publicly**.

General student-facing hostel information referenced on the official site's Hostel page includes standard residential amenities (the specific breakdown was not accessible via public web fetch at the time of writing and should be confirmed directly at ptleecnecet.com/ptleecnecet_2026/departments/hostel.php).

RAG NOTE: Flagging explicitly: the spreadsheet's HST-001 through HST-006 rows (500-bed "Boys Hostel A", named warden "John Doe", specific cot/table/chair counts) are 100% fabricated sample data and must not be treated as real P.T.Lee CNCET records.

11. Transport

Fleet size	11+ buses
Routes covered	Kanchipuram, Arakkonam, Ranipet, Arcot, Vellore, Vandavasi, Cheyyar
Safety features	GPS-tracked buses; CCTV cameras (cited for women's safety)
Fees	Described as "affordable" — exact fare/route-wise pricing not published

12. Student Support, Health & Grievance Redressal

Mentoring & Counseling

- Every student is assigned a faculty mentor for academic guidance.
- Professional counselors described as available 24/7, including stress-management workshops and peer support groups.

Scholarships

- Merit-based scholarships for top performers.
- Need-based financial assistance.
- Sports-quota scholarships.
- Alumni-funded scholarship pool (Alumni Association cites a ██3 lakh scholarship fund).

Health Centre

- 24/7 medical facility with a resident doctor.
- Tie-ups with nearby multi-specialty hospitals for referral care.
- Annual health check-ups for students.
- On-call ambulance service.

Grievance Redressal

Committees in place: Anti-Ragging Committee, Women's Grievance Cell, SC/ST Cell, and Internal Complaints Committee (for sexual-harassment complaints). Process: written complaint to the concerned HOD → escalation to the Grievance Committee if unresolved → resolution target of 15 working days; anonymous complaints are accepted. Grievance contact: principal@ptleecnecet.com / +91 7373123570, Administrative Block, Room No. 101. A toll-free helpline number is advertised on the site (1800-123-4567) — this is a generic-format number and should be dialled and confirmed before being published in any student-facing

material, as such placeholder-style toll-free numbers are sometimes left as templates on college websites.

13. Placement & Training

Placement rate	~85% (as stated on the homepage placement banner)
Annual drives	30+ on-campus/off-campus drives
Highest package (2024-25)	■7 LPA
Average package	Stated as both ■3.5 LPA (homepage banner) and ■4 LPA (placement-department detail section) — the site is internally inconsistent on this figure; treat ■3.5–4 LPA as the safe reportable range
Top recruiters	TCS, Infosys, Wipro, Cognizant, Accenture, Amazon, Zoho, HCLTech (also "Google" listed once in a separate section — unverified beyond the college's own claim)
Training partners	Capgemini (technical training), Qspider (technical training), Zinnov (aptitude training), Strydo (industry alignment), plus international-sounding partners "Aram Control System" (Norway) and "Codect" (Singapore) whose independent existence/verifiability could not be confirmed via public search — flagged as unverifiable third-party claims

Training programmes described: aptitude training from first year onward, technical training in current technologies, soft-skills/communication development, mock interviews and group discussions, resume-building workshops, industry-expert sessions, and hackathon/project-expo events.

14. Alumni Association

Approved	20 March 2026, by the Hon'ble Chairman of the college
Active members	2,000+ across India and abroad
Representation	6+ department representatives (Mechanical, Civil, ECE, EEE, CSE)
President	Dr. P. Palanisamy (Principal, Chairman's Nominee)
Secretary	Dr. N. Krishnamoorthy (Asst. Professor, Mechanical Dept.)
Activities	Annual Alumni Meet (Nov/Dec), mentorship programme, ■3 lakh scholarship fund, placement referrals, guest lectures

Note: the presence of a Civil-Engineering alumni representative category, despite Civil Engineering not appearing in the current active department list, supports the possibility that Civil Engineering was offered in the past and later discontinued — this should be confirmed directly with the college rather than assumed.

15. Professional Chapters & Student Bodies

- **CSI (Computer Society of India)** — Institutional & Student Chapter; monthly workshops, annual student convention, project competitions, industry talks.
- **IEEE Student Branch** — access to IEEE journals/conferences, technical paper presentations, hardware/software contests.
- **NPTEL Local Chapter** — 200+ online IIT/IISc courses, proctored on-campus exams, certificates and awards for top performers.
- **AICRA (All India Council for Robotics & Automation) Institutional Chapter** — inaugurated 27 March 2026 per the events log.

16. Contact Directory

Postal Address	P.T.Lee CNCET, Oovery, Kanchipuram – 631502, Tamil Nadu, India
Phone	+91 7373123570 / +91 9500701226
General Email	office@ptleecnecet.com
Principal's Email	principal@ptleecnecet.com
Website	https://ptleecnecet.com
Facebook	facebook.com/people/Ptleecnecet-Ptle/ (also a separate legacy page under a different URL — both appear active)
Twitter/X	twitter.com/ptleecnecet
LinkedIn	in.linkedin.com/school/p.t.-lee-chengalvaraya-naicker-college-of-engineering-and-technology
YouTube	youtube.com/@ptleecnecet5480
Sister-institution Trust site	ptleecntrust.com

17. Fields That Remain Unverified — Data Gaps for Field Survey

The following categories from the original 15-sheet template genuinely require walking the campus with a measuring tape, a clipboard, and administrative access — they are not published anywhere online, and this document does not invent numbers for them:

- Exact GPS coordinates of the main gate, buildings, and parking areas.
- Number of buildings, their names/block letters, and floor counts per building.
- Room-by-room inventory: room numbers, areas in sq ft, capacity, and usage type (classroom vs. lab vs. office vs. store).
- Stairwell and corridor locations needed for your indoor-navigation graph (this has to come from your own on-site survey, consistent with the stairwell/room-correction work you've already been doing).
- Individual asset records: brand, model, serial number, purchase date, cost, AMC/warranty status for computers, lab equipment, generators, UPS units, etc.
- Hostel-block-level breakdown: number of hostel buildings, rooms per floor, warden names/contacts, occupancy by block.
- Utility infrastructure: transformer capacity, water tank capacity, STP/sewage details, fire-safety equipment placement.
- Sports facilities: exact ground dimensions, equipment inventory, court/turf specifications.
- Photo/document archive: an actual indexed store of building blueprints, safety certificates, and floor plans (the template's Photos & Documents sheet was entirely sample rows).

RAG NOTE: Recommendation: keep this 'verified public facts' document as ONE knowledge-base source, and create a SEPARATE, clearly-labelled 'field survey' source once you collect the above on-site. Never merge fabricated placeholder values into either — a RAG system that retrieves a confident-sounding wrong room count is worse than one that says 'not available'.

18. Notes for RAG Ingestion

- **Chunk by section**, not by page — each numbered section above (2–16) is self-contained and answers a distinct class of query ("who is the principal", "what labs exist", "placement stats").

- **Preserve the flags.** Sentences marked "flagged", "unverifiable", or "inconsistent on the official site" should stay attached to their fact in the same chunk, so the LLM answering from retrieval can hedge appropriately instead of stating a contested number as settled fact.
- **Do not re-ingest the original spreadsheet as-is.** If any part of the Campus Digital Suite's RAG pipeline already indexed the raw .xlsx, purge and re-index it — the raw file contains fabricated sample data (dummy staff names, dummy addresses, dummy asset serials) that would surface as false answers to real student queries.
- **Version and date every future update.** College facts such as placement statistics, established-year claims, and backbone-network speed already show internal inconsistencies across the official site's own pages — timestamp each ingested fact so newer verified data can supersede older claims cleanly.
- **Keep a confidence tag per fact** (VERIFIED / PARTIALLY VERIFIED / UNVERIFIED / FLAGGED-INCONSISTENT) as metadata alongside each vector, mirroring the Verdict column in Section 1 — this lets your tool-calling layer decide when to answer directly vs. when to say "I don't have confirmed data on that; here's what's published."

Sources consulted: official college website (ptleecncet.com — Home, About, Departments, Placement, Alumni, Grievance sections); P.T.Lee C.N. Trust website (ptleecntrust.com); myBharat Knowledge Institutions listing; Collegedunia, Shiksha, and ProfSam college-info aggregator pages; ZoomInfo company listing; official Facebook page. All facts above reflect what these public sources state as of 20 August 2026 and may change — always re-verify against the live website before publishing to students.
